

## **Traffic Management Measures of Town Scenic Area for May Day Golden Week in 2024**

From May 1st to May 5th, temporary traffic management measures will be implemented on the roads around the scenic area according to the actual situation. Vehicles are requested to follow traffic signs and command of the traffic police.

The specific measures for traffic control are shown in the following figure, where the red line is the controlled roads section, which can temporarily prohibit or restrict the passage of vehicles according to the actual traffic flow; the orange arrow indicates the route for vehicles entering the scenic area; the green arrow indicates the route for vehicles exiting the scenic area; vehicles should follow these arrows and command of the traffic police.
